

# EVERYTHING YOU NEED UNDER ONE ROOF

## TAKE YOUR ROOFING OPERATIONS TO NEW HEIGHTS!

Just when you thought it couldn't get any better, Roof Hub is at your fingertips on the desk and on the go! Created specifically for the roofing trade, it's the ideal tool for contractors of all sizes and complexity. Enjoy the benefits of:

### ORDER MANAGEMENT

- Online Ordering
- Smart Order Template Technology
- Smart Color Technology
- Unit of Measure Flexibility
- "Need-More" Material Functionality
- Detailed Search Functionality
- Open & Past Order views

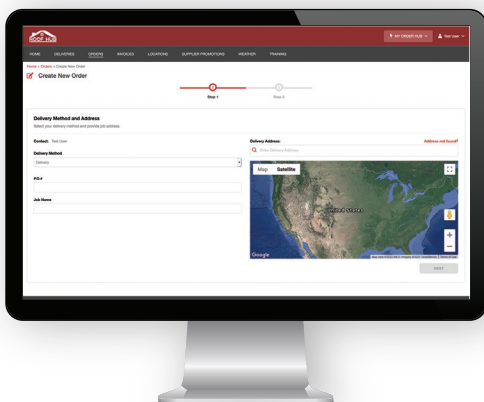

### REAL TIME INFORMATION

- Delivery Tracking of Truck Locations
- Weather Forecast shown for each delivery
- Jobsite Photos
- Delivery & Invoice Notifications
- Invoice History including by Map View
- Accounts Payable Management

### ADDITIONAL BENEFITS

- Interactive Hail Maps
- CRM Integration
- Supplier Promotions - automated
- Branch Events & Promotions
- Sales & Marketing Training
- Mobile & Desktop versions

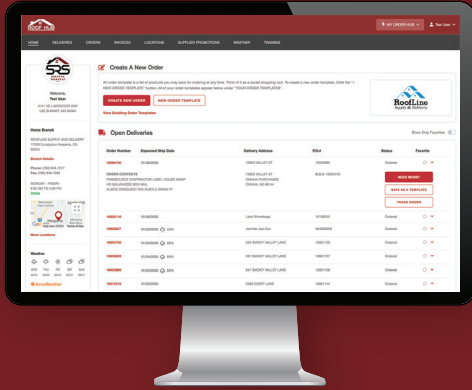

**So you can focus on growing your business!**

Roof Hub makes it easy to get a new project underway or order more materials for an existing job. Its real-time delivery tracking shows you exactly where your orders are, not just that they're on the way. The delivery-confirmation photos help you verify safe and complete deliveries!

## IT'S NOT JUST CONVENIENT. IT'S COMPREHENSIVE!

ALL THE INFO YOUR TEAM NEEDS, WHENEVER AND WHEREVER THEY NEED IT!

- **REAL-TIME INFORMATION** on your orders, deliveries, invoices and more
- Increase your team's efficiency
- Accessible on all desktop and mobile devices

“**ROOF HUB MAKES IT SUPER EASY TO PLACE ORDERS...**”

— Marti Stevenson, Hanley Construction, Inc.
