

# PORTABLE. POWERFUL. READY FOR THE JOB.

## PATCH & REPAIR KITS

Our HandiFoam® Patch & Repair Kits are portable, contractor-friendly solutions designed for easy patching, sealing, insulating, and filling gaps or voids. Available in both open and closed cell spray foam, these compact kits provide flexible air sealing and high-performance insulation while delivering professional results on the jobsite.

### CHOOSE THE RIGHT FOAM FOR THE JOB

#### CLOSED CELL: HANDIFOAM® E84 II-15

A low-pressure, two-component spray foam kit that delivers strong adhesion, durable insulation, and reliable air sealing. Ideal for filling and sealing gaps, voids, and cavities in walls, ceilings, floors, and other applications. This 1.75 lb. closed cell foam bonds perfectly with all 2 lb. closed cell spray foam.

ITEM# P12130 COVERAGE: 15 BDFT (1.4 M<sup>2</sup>)

#### OPEN CELL: HANDIFOAM® II-40

A low-density spray foam designed for patching and repair where open-cell foam is already installed. It's excellent for sound reduction and filling larger voids where flexibility and acoustic control are needed. This 0.75 lb. open cell foam offers a perfect solution for repairs to open cell foam projects

ITEM# P12630 COVERAGE: 40 BDFT (3.7 M<sup>2</sup>)

### PROFESSIONAL PERFORMANCE IN A COMPACT KIT

- **Air sealing** around windows, doors, and wall penetrations
- **Filling gaps, cracks, and voids** in walls, floors, or ceilings
- **Insulating** rim joists, crawl spaces, and attic penetrations
- **Sound reduction** in interior wall cavities
- **Repairing or touching up** existing spray foam insulation
- **Sealing** around pipes, ducts, electrical, and mechanical penetrations
- **Stabilizing and sealing** posts, brackets, and exterior penetrations
